SmartMech 4

THE NEXT GENERATION OF CARD READERS

Experience the future of arcade technology with SmartMech 4, the cutting-edge RFID card reader that will transform your arcade operations. Designed with advanced features and innovative technology, the SmartMech 4 offers an unparalleled player experience while maximizing operational efficiency and revenue.

DISPLAY AND VIEWING ANGLES

The SmartMech 4 has twice the resolution of previous generations and an In Plane Switching (IPS) display with a world class 170 degree viewing angle, setting a new standard for the industry.

SUPERIOR TICKET STREAM

With an improved video driver, SmartMech 4 delivers the best ticket stream in the industry. This enhancement ensures faster and smoother ticket payouts, dramatically enhancing the player experience.

IMPROVED WI-FI CONNECTIVITY

SmartMech 4's enhanced Wi-Fi capabilities ensure a more reliable connection, facilitating seamless remote management and monitoring. This mprovement ensures uninterrupted game play and easy operations.

USER-FRIENDLY TICKET CONFIGURATION

SmartMech 4's intuitive Electronic-Ticket system, based on our award-winning Game Prep, eliminates errors and increases uptime. The reader automatically detects payout settings and configures itself to work seamlessly with any arcade game.

KEYBOARD EMULATION FOR PC-BASED GAMES

SmartMech 4 manages payments for simulators and attractions that do not support traditional coin and bill acceptors. Use the SmartMech 4 to emulate the strokes of a keyboard to start, stop, pause and replay PC-based games.

OFFER MULTIPLE PRICE POINTS

The addition of our illuminated AC button panel easily allows users to select the amount they want to spend without multiple card taps. Encourage players to continue their game or play another round for a reduced rate.

Custom RFID Game Cards

EXTEND YOUR BRAND

SmartMech 4 isn't just an RFID card reader; it is a comprehensive revenue-generating solution that enhances the gaming experience, increases operational efficiency, and boosts customer satisfaction. With SmartMech 4, running an arcade has never been more rewarding.

❯ PAUSE STATION READER MODE

Unlimited Time Play is great way to add value during a player's visit. Give them the opportunity to have a break and pause their Time Play with the Pause Station mode.

❯ SERIAL TICKET PAYOUT

SmartMech 4 raises the bar again with an industry-first serial ticket interface which pays Electronic-Tickets instantly. This advancement ensures quick and accurate payouts, keeping players engaged.

❯ VENDING MACHINE COMPATIBILITY

Increase the payment options for your vending machines with the addition of a SmartMech 4. This exciting feature allows customers to use their game cards to buy items and prizes, enabling businesses to broaden their revenue streams.

❯ IMPROVED POWER EFFICIENCY

The reduced power draw extends the life on battery-supported devices, like SliderMech, from 14 days to an impressive 2.5 months. SmartMech 4 minimizes the need for frequent maintenance and service calls.

❯ INTEGRATED RELAY AND CIRCUIT PROTECTION

The SmartMech 4's integrated circuit protection safeguards against potential electrical issues, providing a reliable and trouble-free install environment without the need for additional hardware. Coupled with an expanded operating range of up to 24 volts, the SmartMech 4 offers unparalleled versatility, allowing seamless integration with a wide array of equipment.

❯ PLAY DURING PAYOUT

With the Play During Pay feature, large payouts do not interrupt game play. This function lets your game continue earning while guests win, maximizing revenue and player satisfaction.

Prizezilla

UNLEASH THE POWER OF ON-DEMAND REDEMPTION

Designed for seamless integration into the Amusement Connect Platform, you can track inventory, receive alerts, and upload images from the cloud-based Operator Dashboard.

MINIMIZE WAIT TIMES AND MAXIMIZE PROFITS

Prizezilla is the perfect solution for running unattended and attended arcades with redemption games. It eliminates the need for constant monitoring and manual prize distribution, making it ideal for busy days. Not only does it streamline operations, but it also enhances customer satisfaction by delivering on-demand prizes. The Prizezilla also offers virtual redemption prizes allowing a location to drop ship that expensive prize, rather then having to keep it sitting on a shelf.

Even if you already have a redemption counter, Prizezilla can seamlessly become a welcome addition, helping you keep up with demand by filling in for your staff on slower days and ensuring no player has to wait for their prize.

▶ HOW PRIZEZILLA WORKS:

1. Players collect e-tickets on their game cards.

2. They tap their card on Prizezilla, and pick from various prizes based on their ticket earnings.

3. Prizezilla either dispenses the selected prize or forwards the player's contact information via email to the designated location for the virtual prize.

Redemption Connect

THE ULTIMATE REDEMPTION & INVENTORY MANAGEMENT SOFTWARE FOR ARCADES

Modern redemption arcades demand more than just transaction and inventory control. They require the adaptability to efficiently serve multiple customers simultaneously with a single staff member. They seek a user-friendly interface that allows players to effortlessly scan, touch, or even voice their prize selections. That is where Redemption Connect comes in!

▶ EFFICIENCY DEFINED

Efficiently handle up to four customers simultaneously with a single employee and a wireless barcode scanner. There is no need to juggle multiple wired scanners or remember which device to use. Just click or scan to effortlessly switch between all the carts and ensure a smooth flow for your customers.

▶ DUAL SCREENS FOR A DOUBLE DOSE OF EXCITEMENT

Our dual-screen experience will keep your guests eagerly engaged as they exchange tickets for fantastic prizes. It offers not only the joy of celebrating their victories but also the convenience of swiftly tracking their remaining balance, streamlining the redemption procedure. But that is not all – our leaderboards highlighting the top players will motivate others to step up their game and accumulate even more tickets!

▶ INVENTORY MANAGEMENT MADE EASY

Import electronic packing lists (EPLs) from any industry vendor seamlessly. Set automatic text and email alerts for low or depleted redemption stock, ensuring your team remains well-prepared. Easily update images, adjust ticket values, customize prizes, reconcile inventory, and track actual costs with just a few simple clicks. Stay proactive in your operations by recognizing and adapting to trends related to the most sought-after prizes.

▶ FLEXIBILITY WHEN YOU NEED IT

When paired with a prize redemption device such as Prizezilla, Redemption Connect empowers you to operate an attended redemption counter during peak hours, enable self-service redemption on slower days, and seamlessly transition to a hybrid approach when necessary. Maximize your time with Redemption Connect.
